

HOW TO SPONSOR A CHILD IN NEED

MONTHLY OR ANNUAL CONTRIBUTION

You can support by means of a monthly contribution of 5 euros or an annual contribution of 60 euros on BE02 3631 8216 6040 and become a sponsor for at least 1 year.

ONE TIME GIFT

Do you think a monthly contribution of 5 euros is too much? No problem. Of course you can also make a one-time donation to help us build and support the school. Deposit your contribution on BE02 3631 8216 6040.

Starting from 40 euros you will receive a tax certificate.

INDIVIDUAL REPORT

Three times a year you will receive a school report, e-mail and/or photos of your foster child. That way you can follow and communicate with him/her.

ENGAGEMENT

You will become part of our community of sponsors and volunteers. We will keep you informed by means of our facebook page, our annual event and our website.

The children of Ando are very grateful!

EVERY CHILD DESERVES AN EDUCATION

In Ando, Togo, our school offers secondary education to 100 students. Each of them needs a proper education. Help them by paying for their registration fee, materials and uniform with your contribution. Your support makes all the difference in a village where most parents have too little or no financial means to send their children to school.

YOU KNOW WHO YOU SPONSOR

With annual support of EUR 60 you will help one of these families. Three times a year you can follow the evolution of the child you support through school reports, mails and/or photos. This way, your contribution will get a true face. You can see how he or she is growing up and developing in our school. You won't miss a single step!

HOW IT WORKS

As soon as you have transferred your contribution, send an email to soucoultogo@gmail.com stating 'I want to be a sponsor'.

We will send you the name, a photo and the details of your foster child as soon as possible. Through our local partners we will put you in contact with him/her. You decide how often or intense that contact will be and we will help wherever we can.

Contact can be stopped at any time on your initiative.

We do, however, assume that you will support for at least 1 year to get your foster child on the road.
